CELEBRATING
40 years computer training
1984-2024

I have been presenting computer courses since 1985 for Apple Mac and Windows computers, to the education, corporate, print and web design sectors, and to individual clients of all ages. I have presented various software courses at Auckland University since 1997:

Testimonial ~ Helen Sosna, POD University of Auckland (2017):
Margaret Marsh has trained hundreds if not thousands of our staff over many years. She has always stayed on top of the new features of each release. She teaches multiple Adobe and Microsoft workshops for us, and we are very pleased to have her reliable and professional services. Highly recommended!

Tuition is offered for:

- **Adobe Graphics & Desktop Publishing**:
  InDesign, Photoshop, Illustrator, Acrobat

- **Microsoft apps**:
  Word, Excel, Powerpoint

- **Apple apps**:
  Pages, Numbers, Keynote

- **Web Design:**
  Adobe Dreamweaver and HTML

"Based in Tauranga since 2015, my business is to enhance your business by providing the highest quality private hands-on computer and software training. I specialise in courses that will maximise your productivity and creativity."

I am also a member of the Adobe Education Exchange:

We believe that web design should be **functional** and **cost effective** ... providing successful solutions for our customers on time, every time. Web design has changed a lot over the years ... web sites now have to be **Responsive**, which means they work well on **ALL devices**, so the user has a seamless experience, whether they are using a tiny smart phone or a big computer screen.

Why use us?

Well, we listen to you, then we take your ideas and create a unique web site. We have a range of clients with all sorts of requirements, from independent self-starters and small businesses to corporate institutions, artists, writers, sport clubs, education organisations, etc., and we treat them all with the same dedicated service.
